CONDITIONS OF SALE

I.—The Sale is conducted under the Auctions (Bidding Agreements) Act, 1927 (17 and 18 Geo. 5).

II.—The highest accepted bidder shall be the purchaser. If any dispute arise between the bidders, or any mistake be made, the lot or lots in dispute shall, at the Auctioneer's discretion, either be put up again at the bidding immediately preceding dispute, or the Auctioneer may declare the purchaser. The Auctioneer to be sole arbiter in any matter of dispute or mistake.

III.—The advance in the biddings to be regulated by the Auctioneer, who reserves to himself the right to refuse any bidding, to withdraw, consolidate or divide any lot or lots, or to submit the lots in any order, without regard to the position of the same in the catalogue, as may be deemed advisable. The Vendors reserve the right to bid by themselves or their agents.

IV.—The purchaser shall immediately after the fall of the hammer declare his name and place of abode, and shall (if required) pay to the Auctioneer a deposit of five shillings in the pound as part payment, in default of which the lot may be directly put up again and re-sold. Such deposit to be a general deposit on the whole amount due in respect of the purchases of the buyer by whom such deposit shall have been made.

V.—Each purchaser shall pay to the Auctioneers the full amount of the purchase money for all lots bought, before any lot or lots can be delivered, and, in any event, the whole amount due from each purchaser *must be paid within one week of the conclusion of the sale*, and if not paid within such time all money deposited in part payment shall be forfeited and the Auctioneers shall be at liberty to retain at the expense of the purchaser or to re-sell the lot or lots or any part thereof remaining unremoved, by public or private sale without giving previous notice to the purchaser, and any deficiency which may arise on such re-sale, together with all expenses whatsoever attending the same, including sale foreman's charge of 12s per day, shall be made good by the purchaser. Neither the Vendors nor the Auctioneers shall be responsible for any lot or part of any lot after the fall of the hammer, from which time all lots purchased are at the risk of the buyer.

VI.—The lots are sold with all faults and errors of description (if any). The purchaser is deemed to have inspected the lot or lots purchased, and if bought without previous inspection, shall be deemed to have been done so at the purchaser's risk. No allowance can in any case be made, nor shall the Vendor or Auctioneer be answerable for any defects or deficiencies in quantities, or measurements claimed for after the purchaser, agent, carrier, or person employed, has accepted delivery of lot or lots from the place of clearing appointed. No warranty is given, or to be implied by the description in the catalogue.

VII.—**DELIVERY OF GOODS.**—No lots will be delivered during the sale. All lots will be landed from the ship by the Vendors after the conclusion of the sale for acceptance by the purchaser on the quayside adjacent to the vessel. Goods so landed must be cleared by the purchaser within twenty-four hours of landing. Delivery of lots to purchasers will commence about one week from the last day of the sale, and purchasers will be notified of the exact date when delivery can commence. Purchasers or their agents (authorised by the Auctioneer) will only be allowed to again board the vessel after the sale is over for the purpose of inspecting the removal of their goods, but will be required to obtain delivery of same at the quayside where the auctioneer's sale clerk and sale foreman will be in attendance on the appointed clearing days to issue orders for the delivery of the goods as follows:

- (a) On payment of his account the purchaser will be furnished with a delivery order by the sale clerk to be presented to the auctioneer's foreman in exchange for a Dock Gate Pass, which must be handed to the police at the Main Gate in passing out of the Dockyard. Road transport vehicles removing goods must not exceed a laden weight of 21-cwts. per wheel, and must obey all Dockyard traffic regulations, including restriction of approach to the Dockyard to the Old Castle Road.
- (b) If the goods are to be removed by rail, the delivery order must be obtained on payment of the purchaser's account to the Auctioneer, and shall then be presented or sent to the London & North Eastern Railway Company's representative along with written instructions as to their despatch. Goods will not be handed to the Railway Company without production of the Auctioneer's delivery order, and the purchaser will be responsible to the Railway Company for all forwarding charges.
- (c) If the purchaser desires to remove bulky goods by water transport, such arrangements must be made by application to Metal Industries Ltd.
- (d) Due notice must be given to the Auctioneers of the purchaser's intention regarding delivery under Sections (a), (b), or (c).

VIII.—All lots must be paid for and cleared with all faults, imperfections and errors of description, and no allowance whatsoever shall be made for misdescription or errors of any kind. The measurements and quantities described in the catalogue of the panelling, woodwork and other fixtures and furniture, are believed to be correct and must be taken as such. The Auctioneers or their Agents shall not be answerable for any damage occasioned to any lot or lots by the removal of the goods from the ship. In the event of any person interested in the ship claiming the whole or any part of a lot before its removal therefrom, or if, in the Auctioneer's opinion, the removal of any lot or portion of a lot may endanger or damage the ship, the Auctioneers may, by written notice to the purchaser of such lot, delivered to him or his agent, or sent by post to his address last known to the Auctioneers, rescind the sale of such lot. The purchaser shall then be repaid his deposit or purchase money, but shall not have or make any other claim.

IX.—Any person attending in the Dockyard or in the ship shall be deemed to be there only on the express condition that no responsibility, or liability, of whatsoever nature to the person shall attach to Metal Industries Limited, to Thos. W. Ward Limited, to Hampton & Sons, Limited to the Admiralty (as the owners of the Dockyard in which the *Leviathan* lies), their respective servants or agents, and any other company or person occupying or using the Admiralty's premises for the ship, and the servants and agents of any of them under any circumstances whatsoever, and this condition shall be taken as conclusive evidence of an agreement with Metal Industries Limited, Thos. W. Ward Limited, Hampton & Sons Limited, and the Admiralty, their respective servants or agents by the person present in virtue of this catalogue.

X. If any dispute or difference arise about any lot or any portion of a lot, or any other matter in relation to the sale, whether before, at the time of or subsequent to the sale, the same to be settled by the Auctioneer, whose determination shall be final and binding on all parties concerned.

XI.—On neglect or failure to comply with the above conditions or any of them, or on non-performance or non-fulfilment of all or any of them, the money deposited in part payment shall be absolutely forfeited, and the Auctioneers shall be at liberty to retain or re-sell the lot or lots or any part thereof remaining unremoved, as provided for in Condition V.

XII.—Panelling, woodwork or other fixtures, are sold exclusive of steel columns, deck doors, windows, portholes and their metal frames, storm rails and their metal fittings, unless otherwise mentioned in the catalogue.

XIII.—All articles such as baths, basins, sanitary ware, etc., etc., connected to piping will be sold exclusive of such piping.

NOTE.—Only British Subjects are allowed into H.M. Dockyard.
